

**Buckeye Elementary School**  
**PTC Meeting Minutes**  
**March 5, 2008**  
**Buckeye Library**

Due to activities and timing, the meeting was sparsely attended, but here is what was discussed.

**New Business**

New Storage

There is no school funding or plan for PTC in the current construction plan, but Mrs. Devine said we could possibly use the space behind Room 23. The existing structure will be torn down, but we could use the existing footprint (approx 10x14) and build a new structure. Mrs. Devine looking into logistics of getting electricity to the area.

Clearing PTC Room

It was strongly suggested to wait until after the District Birthday Celebration to clean out. There will be a dumpster on campus at that time that we could use. The storage area above the stage needs to be removed as well. Stephanie Mitchell has offered the use of her barn for temporary storage.

Memorial Tree

Mrs. Devine recommended we wait until fall to plant something. Mrs. Owens suggested a Dogwood tree at the west end of the pond. Mrs. Owens also has grant money earmarked for pond clean up.

Next Meeting will be on Wednesday, April 23rd at 7:00 p.m.

Respectfully Submitted,

Stephanie Mitchell
